Thank you to all of you who recently attended our student-led conferences held last week. This was a lovely opportunity for our students to share their learning with you and for them to further develop their presentation and leadership skills as they led this process. I would also like to thank all our staff for the time, energy and effort they put into making these evenings a success. Please be sure to complete the survey regarding the student-led conferences that was sent out via email earlier this week, we'd love to hear your feedback.

Over the next few days I will be networking with the other Tawa principals who make up our Kahui Ako. This will be a unique opportunity to explore the strategic direction of the Kahui Ako and understand how each of our individual schools fit into and can contribute to this direction. I am looking forward to the new learning I will experience over the next few days.

Finally, we are continuing to work with our learners on a daily basis around our RIMU values. On top for me at the moment is our value of Manaakitanga which is closely linked to the messaging from our government around the kindness and care that we show to each other as we continue with the challenge of COVID-19. When looking at our graduate profile I can see that at the end of six years of schooling we aspire to have school leavers who demonstrate Manaakitanga in the following ways:

- Learners will be thoughtful and caring towards each other
- Learners will practise Tuakana and Teina
- Learners will show respect to all members of the school and the wider community with their words and their actions

Enjoy your week.

Principal

Whakatauki - He kai kei aku ringa (There is food at the end of my hands)

This whakatauki signifies resilience, empowerment and hope. It refers to one's ability to use the skills and resources they have to create success. It's about being responsible for the resources and capabilities one needs to grow and develop.

From the Office

Road Safety is Everyone's Business—Help keep our children safe by using pedestrian crossings and keep crossing clear by only parking in designated parking areas. Watch your speed coming down Victory Crescent.

Tummy Bugs— If your child has had a tummy bug, please **keep them home for 48 hours** after their last episode of vomiting or diarrhoea to make sure other children do not catch it from them. Remind children to wash hands often, particularly after toileting and before eating.

Kia Ora families,

We are Kiwiana, a Year 12 Young Enterprise Scheme (YES) group from St Mary's College. Young Enterprise gives students from across the country the opportunity to create their own product, open, and run their own business.

Our group, Kiwiana, noticed that there is a gap in many New Zealanders' knowledge about Aotearoa. This has inspired us to create a New Zealand themed board game to educate children and families about our country in an interactive and enjoyable way. Kiwiana is a combination of snakes and ladders and trivial pursuit, with the four main categories being history, sport, culture and nature. Kiwiana is a very exciting game, and is a great way for people of all ages and abilities to learn more about Aotearoa.
